

# Vasco da Gama, Final Conference

1<sup>st</sup> March 2016

**Testimonial of the experimental exercises performed at  
Kalmar Maritime Academy**

**Roberto Parada, former student at KMA**  
**2<sup>nd</sup> Engineer**

## Interesting parts with a combined scenario exercise

- International trade (EU)
- The European Maritime Academies
- The Participants response
- BRM – Bridge Resource Management
- ERM – Engine room Resource Management

## Simulators at Kalmar Maritime Academy

## Performing the exercises

- Bridge and Engine room simulator connected
- Working together
- Two simulations and the human factor
- My assessment of the performed exercises

## Training for Maritime Safety

- Complacency: "A selfsatisfaction especially when accompanied by unawareness of actual dangers or deficiencies"
- Training stimulates
- VDG gave me new experiences

**THANK YOU  
FOR YOUR ATTENTION**
