# Vasco da Gama

## WP2 :

### Training and maritime simulators

Task 1

27 March 2014 – Brussels

A map of simulation in Europe

# Objectives

- Harmonize simulator training within Europe
- Compare methods
- Define Best Practices, including HF.
- Define instructors' skills
- Compare views on ratio sim/OBT

# Considered Deliverables

- A comprehensive European tour of maritime simulation, including a comparison of ratios simulation / Onboard training
- Guidelines for optimal use of simulators for MET, taking into account the evolution of technology and needs, including the master programme.
